### **New Good Practice Guidelines**

The new Good Practice Guidelines are now live on the [SupportAdventure website](https://www.supportadventure.co.nz), covering a range of 'lower risk' outdoor activities not covered by the Adventure Activity Regulations or Activity Safety Guidelines.

Produced by the [New Zealand Recreation Association](https://www.nzra.org.nz) in partnership with [Education Outdoors NZ](https://www.educationoutdoors.nz), they include generic guidelines for all outdoor activities, overnight camping, flatwater paddling and inland waterway swimming. These documents are designed to update the 2009 Sport NZ funded 'red book' '[Outdoor Activities, Guidelines for Leaders](#)'.

NZRA is planning to add four to eight new guidelines each year.

#### **Thank you**

Thanks to everyone who took part in the guideline consultation process. These are evolving documents and will be updated and edited based on user feedback.
